

Company Overview

On the cutting edge of immersive property documentation and virtual storytelling, Perspective 3D provides 3D digital twin & virtual reality services for any real-world place. We provide customized services to deliver a product based on our client's needs, with 3D capture services and cloud-based collaboration that provides immense operational benefits across a variety of industries. Our expertise uncovers unique and creative approaches to property documentation with tremendous cost saving benefits.

Designations

Duns: 054410455
Cage Code: 87RQ0
NAICS: 541340, 541922, 541690, 541690, 541990
WBE: 20802632
WOSB: 240608

Core Competencies

- 3D & LiDAR scanning & mapping
- Site surveys with 3D visualization
- Virtual reality & 360 imagery
- 3D data collection and CAD integration
- ADA compliance support
- Aerial property documentation
- Architectural, engineering and construction services including floor plans, CAD, BIM & point cloud capture

Market Differentiator

- Co-founder & owner of largest organized global network of 3D reality capture providers
- Skilled with multiple platforms to achieve desired result
- Early adopter of Matterport 3D technology
- Diversified, vast relationships with industry supporters, suppliers and professionals
- Certified for 3D documentation for insurance claims & property restoration ecosystem

Industry Uses

- Site documentation for construction, asset management, insurance claims and risk assessment
- Disaster mitigation & crime scene documentation
- 3D interactive content for global collaboration and recruitment
- Visualization for marketing, advertising and viewer engagement
- Accessibility support for ADA compliance

Past Performance

- Spectrum-Charter Communications- Interactive 3D models for ISP HUBS
- ArtPrize, DisArt- Local organizations seeking to make art installations & venues accessible
- Collaboration with Round Table 6 Marketing & Green Peak Innovations- investor presentation, including virtual tour of manufacturing and production site, facility expansion documentation
- Realtor.com, Vrbo, HomeAway, Google integrations for marketing rental properties, businesses and real estate
